

Masks

Social

Story

Because of Coronavirus some people are wearing

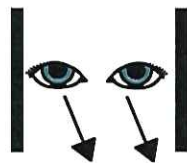

masks.

People in my family, neighbourhood and

community are wearing masks.

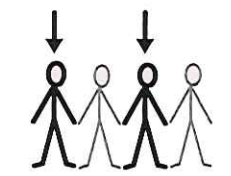

They might look a little strange or scary

but masks help keep me safe. and

stop me from getting ill.

Some people

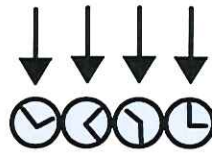

wear

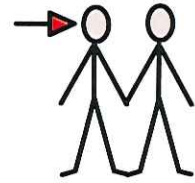

a

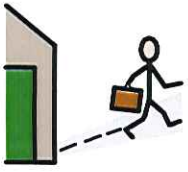

mask

every time

they

leave

the

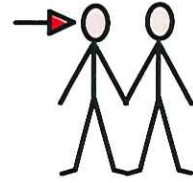

house

or

just

when

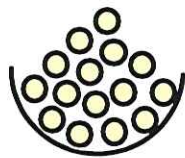

they

are

at

work.

There

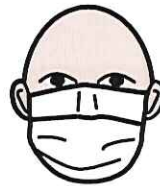

are

many

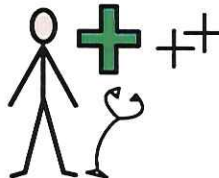

types

of

masks.

++

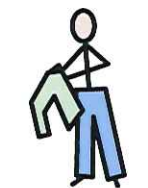

doctors

and

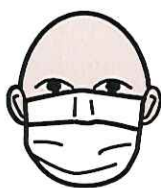

nurses

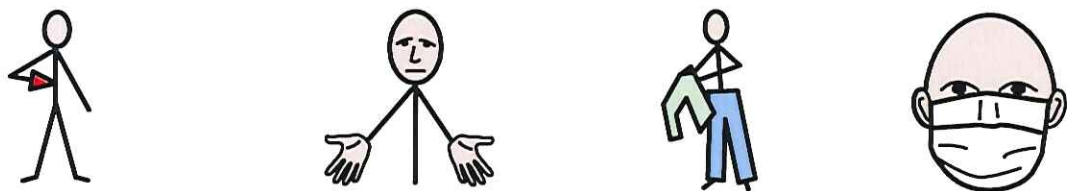

are

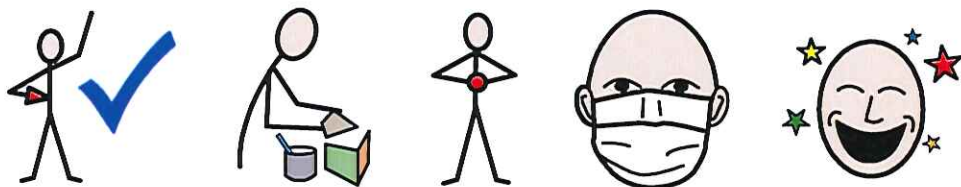

wearing

masks.

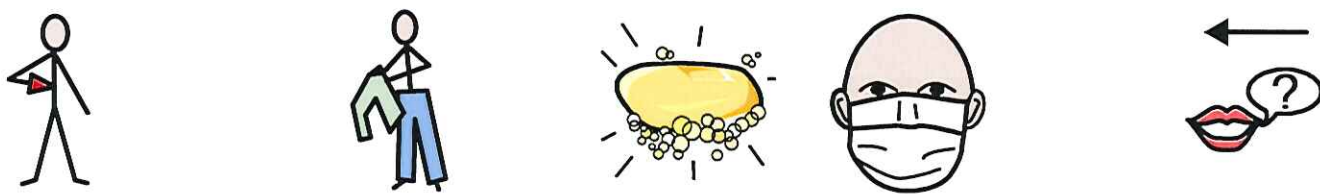

I might need to wear a mask too.

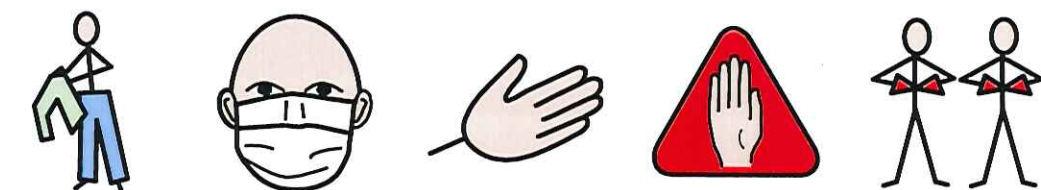

I can make my mask fun by

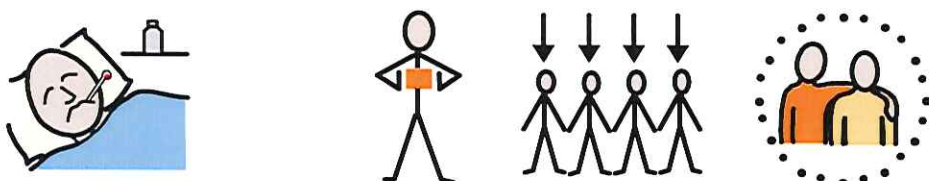

decorating it.

I should wear a clean mask when asked.

Wearing masks helps stop us becoming

ill and keeps everyone safe.
